

LINEAR SURFACE WATER DRAIN

HEELGUARD LINEAR SURFACE WATER GRATES

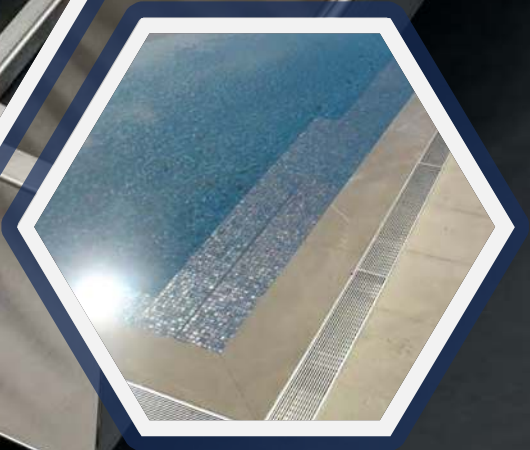

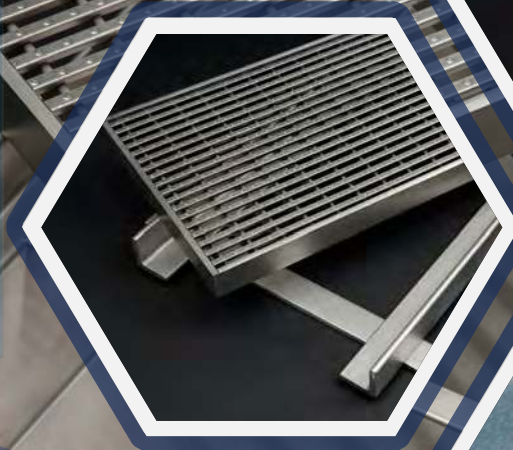

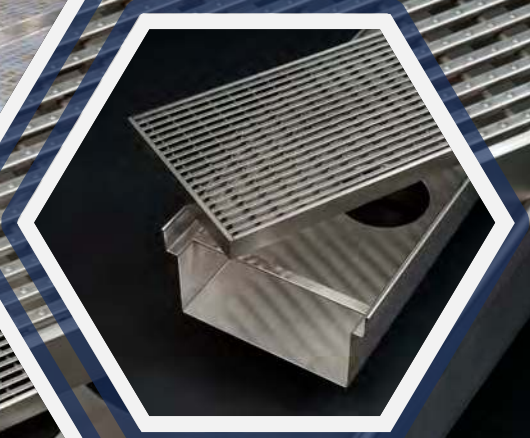

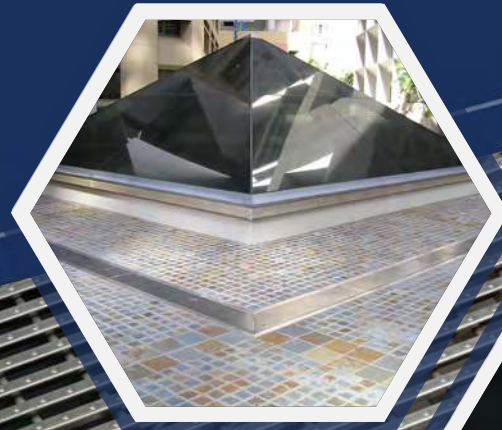

Our Heelguard grates are made in Australia, to Australian standards. Our grates endure rigorous testing to ensure the strong, durable, slip resistant and heel-safe grates that we pride ourselves on producing.

LINEAR SURFACE WATER DRAINAGE SOLUTIONS

A big name for a broad scope - surface water drains are all around us!

At Auswave Products we provide linear surface water drainage solutions for a wide range of applications, from residential to civil drainage projects.

With a wealth of experience in the drainage industry, choice material selection (ranging from 304 - 316 grade stainless steel), and a commitment to product excellence, we can ensure that you get the right product for you surface water drainage needs.
